ARCHITECTURAL FINISHES INSPIRED BY ART & SCIENCE

DISCLAIMER:

This color chart is for reference only. Different color displays vary in their representation of color. Nawkaw's replication of these colors may differ from your display's replication. Not intended for final color matching. Nawkaw is able to replicate these colors and custom create nearly every color. Please note that each project must be individually approved to qualify for our 25-year product warranty.

ABOUT

Nawkaw has provided water-based mineral and acrylic stain services for vertical concrete and masonry since 1988. Our in-house specialists design and apply sustainable finishes at scale—matching specified colors, replicating various building materials, and creating looks that last decades and beyond.

From downtown high rises to residential homes and everything in between, our mission remains the same: to provide a long-lasting, sustainable color solution that brings beauty and artistry to the structures we use and enjoy.

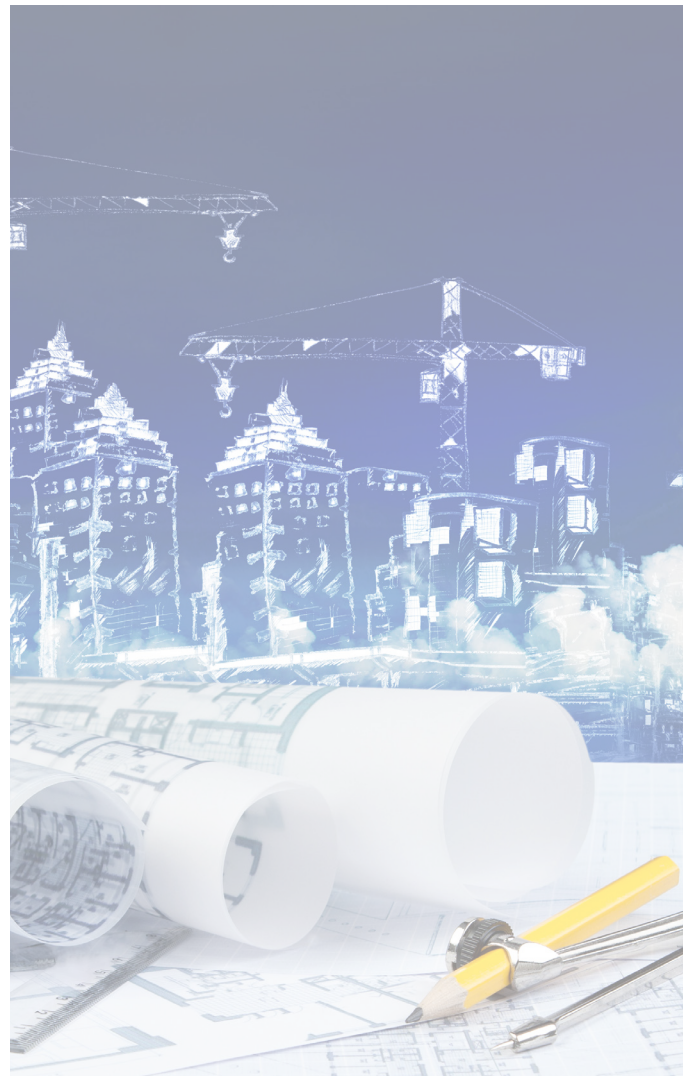

Lunch & Learn with us! Request our AIA CES Courses

Interested in learning more about stains and coatings for building surfaces? Our AIA-certified Lunch and Learn courses include deep dives on architectural finishes, concrete and masonry stain, and photocatalytic finishing systems. Plus, you'll earn CES credits while you learn!

Send your request to info@nawkaw.com or check our website for detailed outlines of the courses we offer.
